

INCREASE THE VALUE OF YOUR IT HYGIENE IN MINUTES.

Apexa iQ™ is a SaaS based platform that delivers your IT risk score, asset compliance, obsolescence, maintenance, and vulnerability in a single dashboard.

3 Steps to Simplicity & Security

Discover

Apexa discovers and catalogs every device on your network. On-premises, co-located and cloud.

Enrich

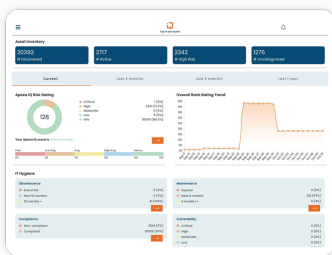

Devices are enriched with information from our database, giving you data on device identification, end-of-life, and other vulnerabilities

Secure

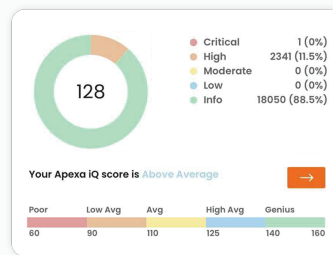

Know exactly what's needed to make life cycle improvements, reduce technical debt, & eliminate security risks.

IS YOUR IT ENVIRONMENT TOO COMPLEX? KNOW WHERE YOU STAND & WHAT TO DO NEXT.

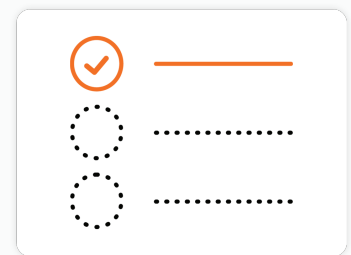

Your Apexa iQ

Your Apexa iQ accurately rates your overall infrastructure health and vulnerability on a scale of 60-160, inspired by human IQ.

Comprehensive Insight

A comprehensive single-dashboard view of every device on your network, including IT hygiene and obsolescence status in real-time.

What To Do Next

A prioritized list and insight into what needs attention and remediation now.
